Dear Creation Museum Faithful,

Thank you for your interests in supporting the Creation & Earth History Museum. We pray you will partner with us in the efforts to **keep the Creation Museum a beacon of light for future generations!**

Did you know that two thirds of children raised in a Christian home will deny their faith in Christ after completing high school? Our culture is bombarded by the secular world view of millions of years and Darwinian evolution and the next generation is at risk in believing the lies. In order to provide solid answers to this skeptical era we dedicate our time and research in providing resources to encourage and equip believers, evangelize the lost and proclaim the inerrant biblical account of history. Our goal is to continue the efforts in presenting undisputable evidence strengthen the faith of believers and dismantle the Genesis 3 attack of today.

Our operational budget for 2018 is \$450,000 of which we plan to raise \$210,000 through bookstore sales and admission fees. It's our goal to raise \$240,000 to cover the remaining expenses and we would like to ask if it makes sense for you to partner at one of the gift levels below. All 2017-2018 donations will be matched by an outside organization to help us reach our goal of \$240,000.

Gift Donors Needed

\$25,000 x 1

\$10,000 x 5

\$5,000 x 6

\$1000 x 15

Totaling \$120,000 plus match = \$240,000

Your gift will help sustain an effective ministry and assure that the truth of God's word continues to impact future generations with answers for a skeptical world. With only a handful of Creation Museums in the country our unique educational offering on biblical foundation is essential to the South West of our Nation and we need your help in reaching out to this region! Please help keep this Biblical and Scientific source of hope and light available for future guests! Our online giving platform allows you to give one time or reoccurring gifts to help sustain this ministry. Thank you for your continued support and your prayers!
